SHOULD YOU HIRE A PRO OR FILE YOUR OWN TAXES?

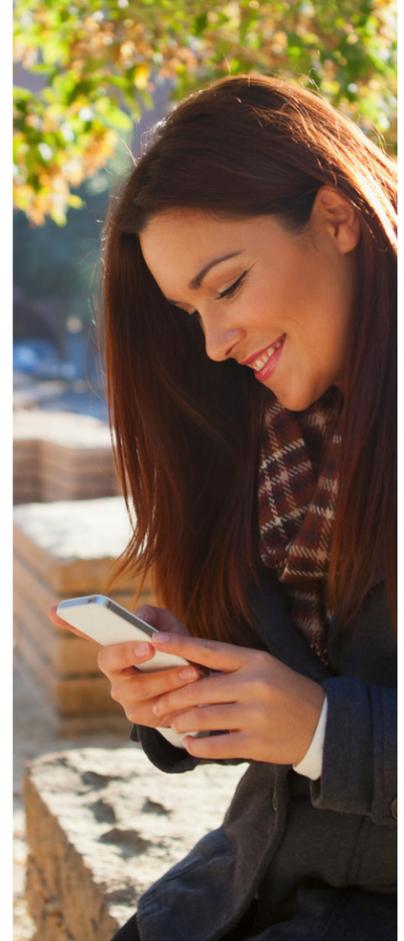

Below is a list of benefits to filing your own taxes vs. hiring a professional to file your taxes:

FILE YOUR OWN	GO WITH A PRO
It's far less expensive to file your own taxes	A tax pro may help find you little known deductions
You can do taxes from the comfort of your own couch using filing software.	An extra set of eyes can help you catch mistakes
If you have a simple W2, it takes less time to file	Tax Experts become your advocate in the case of a filing mistake or even an audit
You know all the details	You get tax guidance throughout the year

Whatever you decide, we have resources available for you.

If you decided to hire a professional, **Accounting Aids Society** provides free tax preparation. Please call their office at (313) 556-1920 to set up an appointment.

If you have decided to file taxes yourself, contact **Wayne Metro Community Action Agency.** They provide a free, self-preparation tax services online (it is an alternative to paying for a service like **Turbo Tax** or **H&R Block**). Please visit waynemetrometro.org for more information.

What is Direct Deposit?

Direct deposit automatically places your paycheck, pension, Social Security, or other regular monthly income into your checking or savings.

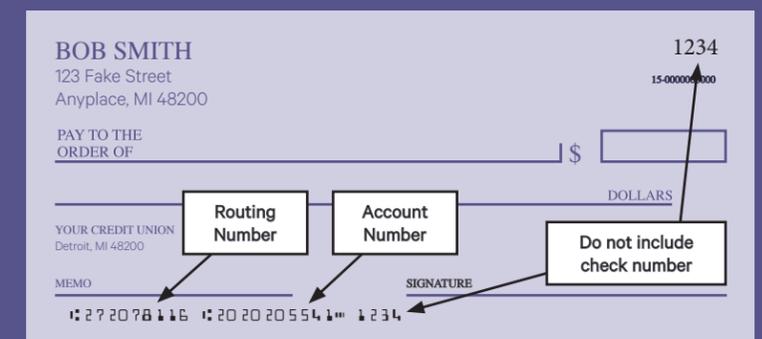

WHAT IS THE ADVANTAGE OF DIRECT DEPOSIT TAX REFUND?

With a direct-deposited refund, you don't need to worry about your check getting lost in the mail, nor do have to go to the bank to deposit or cash it. By e-filing and choosing direct deposit, the IRS expects to issue 9 out of 10 refunds within 21 days, as opposed to 4-6 weeks for a check in the mail. It is the perfect service to for speed, security and convenience.

TO SET UP DIRECT DEPOSIT FOR TAXES/ EMPLOYER, YOU WILL NEED:

- Routing Transit number: 272078116
- Your checking account number

NOTE: Your Communicating Arts Credit Union debit cards and checks will still work while we're in transition to One Detroit Credit Union. You will receive notification if there are any changes.

OUR WILD ABOUT SAVING WINNERS
Kyndall (right) and Zion (left).

Thank You for Spreading Holiday Cheer, Members!

Kyndall and Zion have something to celebrate-- they are the big winners of the Wild About Savings Sweepstakes. It is a youth savings program that rewards our members, 12 years old and under, who deposit at least \$5 every month for 8 months into their Seymour Buck Savings account.

"My daughter loves to save," says Ms. Mahone as she pulls out Kyndall's old deposit receipts from her purse, "Mostly she enjoys signing her own name on her receipts."

When asked why it was important for his daughter to enter the sweepstakes, Mr. Curry replied "I wanted Zion to develop a savings habit at an early age and I think she gets it now."

We want more of our young members and their families to experience the joy of saving. To open a Seymour Bucks savings account and qualify for future sweepstakes, please visit one of our branches and talk to a team member.

5 Tips For Purchasing A Vehicle In 2016

THE 2016 NORTH AMERICAN INTERNATIONAL AUTO SHOW

There's plenty to love about the 2016 North American International Auto Show. Some people get a kick out of seeing new models before they are available to the public. Others like to get a closer look at the rare and exotic cars that they hope to own one day. But aside from being an enthusiast's playground, an auto show can be a valuable tool if you're in the market to buy

a new car. Here are a few tips to make sure you make the best of this year's auto purchase:

1. SET YOUR BUDGET

Know what you can afford before you start car shopping; you feel more confident when you are ready to negotiate with an auto dealer.

2. DEVELOP A SHORT LIST OF CAR CHOICES

Research the features and other details about the cars to make sure they offer what you want and need in a car. If you are open to buying either a new or used car, be sure you understand the pros and cons of each.

3. DON'T START LOOKING FOR FINANCING AT THE DEALERSHIP

Financing at the dealership may be easy, but it's not necessarily the best deal. Dealers are essentially acting as middlemen to offer you a car loan. They get paid for every loan they write, whether the loan is through the automaker or a local lender.

4. DETERMINE THE BEST INTEREST RATE

It's best to get pre-approved for an auto loan. Check out One Detroit Credit Union's rate. We can write a loan for as low as 2.99%.

5. BE PREPARED TO NEGOTIATE

Since buying a car is such a pricey purchase, be prepared to negotiate to get the best deal. Before you visit a dealer, gather all your research materials so you are prepared.

With these tips you'll be sure to find, purchase and love the car of your dreams. Enjoy the 2016 North American Auto Show and happy car hunting!
